The Other side of Wonderland

👁 50 ✓ 3 ★ 8

Chapter 1 by Karra

Many of you have heard about Alice's adventures in wonderland, but how many of you knew she had a twin who was born in wonderland? Or that her twin had "powers" and was more like one of the fair folk you'd see in a Celtic mythology book. Her twins name is Emmelia, or Emmy for short, and I'm her.

Most of the characters look similar to how they're described in the Tim Burton rendition of the story. But some of them have alternate...forms. The caterpillar can look almost like a human, but he has slightly pointed ears and big black moth wings that have bright blue eye like splotches. Cheshire can turn into a human like form too, with fur covered pointed ears, and his fluffy striped tale, oh and don't forget his ear to ear smile.

And then there's me, with my long straight black hair and unnervingly bright green eyes, and let's not forget my black and green tiger striped swallow-tail wings.

Chapter 2 by Cilla Sullivan

Alice used to visit us. She would come and we would talk psychology with the caterpillar and

host elaborate tea parties with the mad hatter, but then, one day, she stopped visiting.

When that day came, the whole court was in a state of shock. The Cheshire cat stopped appearing, the king and queen were furious. The white rabbit was EARLY.

The Cheshire cat stopped appearing, the king and queen were furious. The white rabbit was EARLY.

The white rabbit was EARLY. And even the queen of hearts cancelled executions.

Wonderland is dying.

And soon we'll all cease to exist.

Chapter 3 by Wikedywik

And that's where I come in. I'm the only one unchanged. My eyes haven't dulled, and my wings haven't followed off. Upon further inspection, the hues haven't changed one bit.

I'm Wonderland's only hope, as long as I don't fall through the sky.

Here is where you need to brace yourself. When I said "powers" before, I didn't mean I can fly, or turn invisible. I can go into particles, wave lengths, people, and backtrack. Kind of like a reverse fortune-teller.

I just need to find out where to look into the past, and that's when my story will start.

Chapter 4 by Stephanie Whitaker

"Emmy!!!" someone called, I stretched but did not get out of bed, I barely slept the night before.

"EMMELIA KINGSLEY WAKE UP THIS INSTANT!!!! YOUR SISTER AS RETURNED!!!!!" I

bolted upright in bed, and saw the white queen in my room.

Of course!!! Alice was the hatter's best friend! If anyone could fix wonderland, and whatever was wrong with the hatter, which seemed to be the cause of this madness, it was her!
